

33 South Esplanade BONGAREE QLD

5 3 2

South Esplanade has always been regarded as one of Bribie's prime waterfront locations, and this property exemplifies an outstanding position. Situated on a 1012m2 Res B allotment, this substantial cottage circa 1930's, has been divided into two residences in the main building, plus a separate one bedroom dwelling built at the rear.

The main residence has three bedrooms with formal dining and lounge area offering expansive views across Pumicestone Passage. A one bedroom flat adjoins the main residence. High 12' ceilings and VJ walls give the feeling of the bygone era. A magnificent position and a very rare opportunity to purchase a landmark property.

A property summary is:

* Five bedrooms in total with three bathrooms

Land Size : 1012 sqm
